Note your decision on the appropriate box.

☐ Approved

All changes apply.

☒ Approved in Part

Specify below which changes do not apply.

☐ Denied

State the reasons for denial below.

Comments: The change to structure 5 on col. 13, lines 2-25 will not  
be entered because the patented formula is the formula of page 22,  
structure 5 of the originally filed application, which makes chemical  
sense in the instantly claimed invention. I see no particular basis  
to say that the applicant meant the formula of the proposed COC. Note  
the moving of the  
isocyanatoalkoxysilane residue
